Med Grill Restaurant offers its guests a choice of atmosphere. There is the calm and serene dining room or the patio - a more casual option. The patio is unique as it wraps around the entire restaurant, each angle presenting a different view. Regardless of one's choice both options allow guests to relax and enjoy various Mediterranean dishes, which are prepared with fresh local ingredients.

Med Grill is pretty famous for its Sangria, but takes the Oscar for their seafood and steak dishes. Service is a high priority at Med Grill and you will only encounter genuinely friendly and knowledgeable service staff.
